

San Francisco Chronicle

Coverage: 1865-1922

To strike historical gold, start here.

Not earthquakes, not fires, not even the murder of one of its owners by a minister could stop the independent and often irreverent presses of the *San Francisco Chronicle*. Founded by two teenage brothers in 1865 when the West was still wild, this newspaper lets researchers travel back in time to experience the completion of the transcontinental railroad, the Klondike gold rush, the San Francisco earthquake and fire of 1906, America's entry into World War I, and many other events that shaped both the City by the Bay and the United States.

During its first five decades, the *San Francisco Chronicle* presented issues from a young, Northwestern perspective, giving researchers a window through which to study westward expansion, Chinese immigration, machine politics, urban planning, war, public policy, and more.

Mark Twain, Bret Harte, Jack London, and Rex Beach are among the writers who contributed to the *San Francisco Chronicle's* pages—some without benefit of a byline—during the early years. To trace San Francisco's history from a muddy frontier town full of pistol-packing pioneers and corrupt politicians, through its entry into the Roaring '20s, start here.

Illuminate history. Preserve the past.

ProQuest is proud to help you illuminate history for your users while preserving this historic newspaper for future generations. The *San Francisco Chronicle*, like all digitized titles within the ProQuest Historical Newspapers™ program, lets researchers:

- Browse complete issues, cover to cover.
- Study the progression of issues over time with ProQuest's complete runs of historical newspapers.
- Cross-search topics and compare coverage and perspectives across all ProQuest Historical Newspapers,

such as *The New York Times* with *Index*, *The Guardian*, and the *Los Angeles Times*, for broader, often contrasting views of issues and events.

- Search for information by keyword, more than 20 article types (front page, editorial cartoon, classified ad, etc.), dates and date ranges, author, and more.
- View not only news articles, but also photos, advertisements, marriage announcements, obituaries, cartoons, and more, for added context.
- Print, download, and share articles and images in PDF format.

ProQuest®
Start here.

Focus on research instead of the mechanics of finding data.

ProQuest makes it easy for both novice researchers and information professionals to find relevant information quickly, with basic and advanced search options. Searches can be confined to 20 specific article types and dates to focus on the most relevant information. Each newspaper page is zoned into article images, and each newspaper image is supported with searchable ASCII text. Combined, these features mean faster, more effective searches for users. ProQuest digitizes documents at a high resolution to deliver clean, readable images, and highlighted search terms focus readers on the most relevant content.

Researchers can sort their results by oldest, most recent, or most relevant. In addition, articles that originally spanned multiple pages of a newspaper are “threaded” together, appearing as one continuous image and improving readability. Users can view and easily download articles, front pages, photos, display ads, and more in PDF format. The “My Research” summary feature can be used to track recent searches, save articles, email documents, create a bibliography, export citations, and create Web pages.

Your single source for centuries of continuous historical news coverage.

In addition to the *San Francisco Chronicle* (1865-1922), ProQuest Historical Newspapers includes the following:

U.S. Titles

- *The Atlanta Constitution* (1868-1945)
- *The Baltimore Sun* (1837-1985)
